1. As presented, claims 10-12 depend from claim 10. Upon further review, it is apparent that Applicants may have intended claims 10-12 to be dependent from claim 9. For purposes of examination, each of claims 10-12 have been considered to be dependent on claim 9 respectfully.

2. This application contains claims directed to the following patentably distinct species of the claimed invention:

- (a) The species to which claims 1-4 are drawn;
- (b) The species to which claims 5-8 are drawn;
- (c) The species to which claims 9-12 are drawn.

Applicant is required under 35 U.S.C. 121 to elect a single disclosed species for prosecution on the merits to which the claims shall be restricted if no generic claim is finally held to be allowable. Currently, no claim appears to be generic.

Applicant is advised that a reply to this requirement must include an identification of the species that is elected consonant with this requirement, and a listing of all claims readable thereon, including any claims subsequently added. An argument that a claim is allowable or that all claims are generic is considered nonresponsive unless accompanied by an election.

Upon the allowance of a generic claim, applicant will be entitled to consideration of claims to additional species which are written in dependent form or otherwise include all the limitations of an allowed generic claim as provided by 37 CFR 1.141. If claims

are added after the election, applicant must indicate which are readable upon the elected species. MPEP § 809.02(a).

Should applicant traverse on the ground that the species are not patentably distinct, applicant should submit evidence or identify such evidence now of record showing the species to be obvious variants or clearly admit on the record that this is the case. In either instance, if the examiner finds one of the inventions unpatentable over the prior art, the evidence or admission may be used in a rejection under 35 U.S.C. 103(a) of the other invention.

3. A telephone call was made to the Office of the Attorney of Record on June 30, 2003 to request an oral election to the above restriction requirement, but did not result in an election being made.

4. A shortened statutory period for response to this action is set to expire one month(s) from the date of this letter. Failure to respond within the period for response will cause the application to become abandoned. 35 U.S.C. 133
